

Chatsworth | Cambridge Leather

Specification Sheet

Cambridge is a semi-aniline, two-tone textured leather designed for timeless sophistication. Its soft, smooth handle invites touch, while a subtle dark topcoat brushed over the grain tips reveals a gentle contrast in tone, enhancing depth and character without compromising the natural beauty of the hide. The semi-aniline finish offers a perfect balance of comfort and durability, making Cambridge an exceptional choice for all types of upholstery, from classic interiors to contemporary spaces.
