Hand-Built British Upholstery Since 1973

The Fairchild Wing Chair refines the classic British wing silhouette through Winchester’s hand-built tradition. Its tall back, smooth wings and full-grain leather with fabric create a composed, architectural presence, while the clean lines and precise hand-tacking highlight the discipline behind its construction. The supportive sit is shaped through traditional upholstery methods, with carefully balanced fillings and a hand-joined hardwood frame providing long-term comfort and structure. A timeless, understated wing chair with quiet authority and unmistakable Winchester character.
