Hand-Built British Upholstery Since 1973

A heritage piece built in the traditional Winchester manner, the Lancaster Coffee Table combines deep-buttoned upholstery with a hand-finished glass top to create a centrepiece rooted in British craft. Each table is made in our workshop using full-grain aniline leather, hand-tacked corners, and solid hardwood bun feet the same materials and methods used in our Chesterfield seating. The leather base is fully upholstered by hand, with deep buttoning drawn tight over a beech frame to create the familiar Winchester silhouette. The glass top is polished and weighty, allowing the leatherwork beneath to remain visible while providing a practical, durable surface for everyday use.
